FAQs

Terms And Conditions

1. Enter a name for the homework; this will appear in your dashboard and the student's dashboard

2. Select the date you'd like the homework to become visible to the students. This enables you to set homework in advance without students seeing it before you want them to

Dashboard > Create Revision Task

Create Revision Task

Test name ...

Published Date: Monday, February 27th 2023

Due Date: Monday, February 27th 2023

-- Choose Class --

Please choose a class

Next Step

3. Select the deadline for the homework to be completed. FYI, students can still complete the homework after the deadline is passed - but the colour of tile in the student's homework will change from amber to red

4. Select the class you'd like to give the homework to

Due Date
Friday, March 3rd 2023

AQA Physics Higher

- Select all students
- Demo Student

Next Step

2. Press the green 'Next Step' button

1. Select the students from this class that you'd like to allocate the homework to (or 'select all students')

Set pre-made test

Description

Topic(s)

Filter...

Filter...

Filter...

Kinetic energy & elastic potential energy

1. Energy, 1.1 Energy changes in a system, and the ways energy is stored before and after such changes, 1.2 Conservation and dissipation of energy, 1.3 National and global energy resources

Set

Previous Step

The filter boxes enable you to narrow your search if there are a lot of tests in your school's test library

Select 'Preview' if you'd like to check the questions (and remove any you don't want your students to answer) before setting the homework. Click here to [find out more](#)

Pressing the green button sets the test for all the students selected.
