# Review: Current & Ch

Graph Table

Hover over a dot to see the underlying information

We adjust values to remove outliers. Click on this button to show the actual times

X-Axis Range: Time spent (minutes)

Minimum	Maximum
<input type="text" value="1"/>	<input type="text" value="8.23"/>

The vast majority of scatter graphs show an obvious positive correlation. Taking a screenshot & presenting it to the class each week 'should' encourage pupils to move up & right on the graph

Each student's results are displayed as a single dot on the graph
